TCH Process:

- ***Attendee must be registered for each session they want credit for and scanned at the door to receive certificates of completion.***
- Operators will report their own training credit hours. Operators should record the course ID number and course name exactly as identified above. This information is necessary when the logging your training hours into the web tracking database.
 - WWETT will send an email notification approximately six weeks post show with instructions to download certificates of completion. Attendee will download or print earned certificates to keep for your records.
- If you have any questions, please contact the Illinois EPA Training Coordinator at 217-785-0561.
