

Continuing Education Information

California Water Environment Association (CWEA) has approved all wastewater related sessions at the 2019 WWETT Show for:

- 1.2 contact hours for 60-minute sessions
- 1.8 contact hours for 90-minute sessions
- 1.8-2.4 contact hours for technical tours dependent upon tour
- 9.6 contact hours for the NAWT O&M Professional System Technician Training

All sessions have been approved EXCEPT: WE09, WE13, WE22, TH12, PSAI Service Training for Portable Sanitation Professionals and the New Professional Speed Mentoring Event.

Training Reference Number: 180905

Vocation Approval Status:

Collection System Maintenance	Environmental Compliance Inspector
Laboratory Analyst	Industrial WWTP Operator
Plant Maintenance	Electrical/Instrumentation
Mechanical Technology	Biosolids Land Application

Contact Hour Process:

- ***Attendee must be registered for each session they want credit for and scanned at the door to receive certificates of completion.***
- CWEA certificate holders will report their own contact hours at the time of recertification. Please write Training Reference Number: 180905 on each certificate of completion prior to sending to CWEA.
- WWETT will send an email notification approximately six weeks post show with instructions to download certificates of completion. Attendee will download or print earned certificates to submit with CWEA.
