

Continuing Education Information

Kentucky Department for Public Health Protection and Safety has tentatively approved Registered Sanitarian (RS) contact hours relevant to your profession as follows. The RS examining committee will have final approval.

- Wednesday, February 20
 - Each session is approved on an hour-by-hour basis.
- Thursday, February 21
 - Each session is approved on an hour-by-hour basis.
 - The workshops are approved on an hour-by-hour basis.
- Friday, February 22
 - Each session is approved on an hour-by-hour basis.
 - The PSAI Certification course is approved for 6.5 RS continuing education hours.
 - The NAWT O&M Professional System Technician Training is approved for 8 hours.
 - Technical tours are approved for actual tour time.

RS Contact Hour Process:

- WWETT will send your attendance to Kentucky DPHPS.
- The information WWETT needs from each attendee to successfully submit training is:
 - Your license number (include this number when you register for the show in the Continuing Education section.)
 - **Attendee must be registered for each session they want credit for and scanned at the door to receive certificates of completion.**
 - You must sign in each day. One signature per day will suffice. Not necessary to sign in at each session.
- An email notification will be sent six weeks post show with instructions to download your certificates of completion. Download or print earned certificates and keep on file for your own records. *Note: RS are required to maintain 10 CEUs per fiscal year. Due to this, only 10 hours will reflect on your transcript.:*
