

Continuing Education Information

Rhode Island Department of Environmental Management (RIDEM) will provide ½ CEU per hour for presentations applicable to the activities performed under the applicable license (Class I, II, III and IV licenses). A maximum of 12 CEUs will be provided for the 2017 WWETT Show.

CEU Process:

- Attendee is responsible for submitting certificates of completion as proof of attendance.
 - WWETT will send an email notification approximately six weeks post show with instructions to download certificates of completion.
 - Attendee will download or print earned certificates and submit them to RIDEM at the time you apply to renew your license.
- As a courtesy, WWETT will also provide a list of attendance to RIDEM. The information WWETT needs from each attendee to successfully submit this is:
 - Your RIDEM license number (include this number when you register for the show on the personal information page in the Continuing Education section.)
 - You must also be scanned at the door of each session.
