

Continuing Education Information

Kentucky Department for Public Health Protection and Safety has tentatively approved Registered Sanitarian (RS) contact hours relevant to your profession as follows. The RS examining committee will have final approval.

- Monday, February 17
 - Each session is approved on an hour-by-hour basis.
 - The PSAI Cert. course is approved for 6 RS continuing education hours.
 - The NAWT One Day Inspector Course is approved for 6 hours.
 - The NOWRA One Day Installer Class is approved for 6 hours.
 - Note: Attendance and/or testing of the three certification courses mentioned above does not replace the required application and testing process for certification in Kentucky.
- Tuesday, February 18
 - Each session is approved on an hour-by-hour basis.
- Wednesday, February 19
 - Each session is approved on an hour-by-hour basis.
- Thursday, February 20
 - Each session is approved on an hour-by-hour basis.
 - The OSHA Confined Space Certification Class is approved for 4.5 hours.
 - Note: Attendance and/or testing of the certification course mentioned above does not replace the required application and testing process for certification in Kentucky.

RS Contact Hour Process:

- WWETT will send your attendance to Kentucky DPHPS.
- The information WWETT needs from each attendee to successfully submit training is:
 - Your license number (include this number when you register for the show in the Continuing Education section.)
 - **Attendee must be registered for each session they want credit for and scanned at the door to receive certificates of completion.**

- You must sign in each day. One signature per day will suffice. Not necessary to sign in at each session.
- An email notification will be sent six weeks post show with instructions to download your certificates of completion for your records. *Note: RS are required to maintain 10 CEUs per fiscal year. Due to this, only 10 hours will reflect on your transcript.*
