

Continuing Education Information

It is not necessary for the 2025 WWETT Show to receive approval from the Environmental Operators Certification Program (EOCP) for operators in British Columbia and Yukon since the program takes place out of their jurisdiction. To receive continuing education credit, please follow the process below.

CEU Process:

- ***Attendee must be pre-registered for each session they would like credit for and be scanned at the door to receive Certificates of Completion. Selecting sessions (registering) + scan = proof of attendance.***
- Attendee is responsible for submitting Certificates of Completion to their own certification board as proof of attendance.
- Attendees can access/download their WWETT Show Certificates of Completion in the Registration Resource Center within four weeks of the conclusion of the WWETT Show.
